

I Am Belief

I am belief

I can make you feel safe
But I can make you ~~fearful~~
Your imagination is my best friend
I am the reason people make decisions
I am very powerful

I am like a wave,
I can take over your mind almost instantly
If you have ever seen a ghost I can be why
If you use me in the right way
You...

Can...

Do...

ANYTHING

I am like a piece of gum waiting to be
stepped on
I tangle in your mind like a string being
tied into knots

Because of me there are different perspectives
I started the Revolutionary War,
I am why the Patriots thought it was
"Unfair" to be ruled by the King
I am also why the Loyalists supported
The King

I am belief
Don't let me fool you

I Am Belief

I am belief

I can make you feel safe
But I can make you ~~terrified~~

You already have one but maybe when you say the Patriots thought it was unfair you could give an ex #3 like Paul Bevere or an example loyalist.
