

Our Future
Depends on Every
Drop

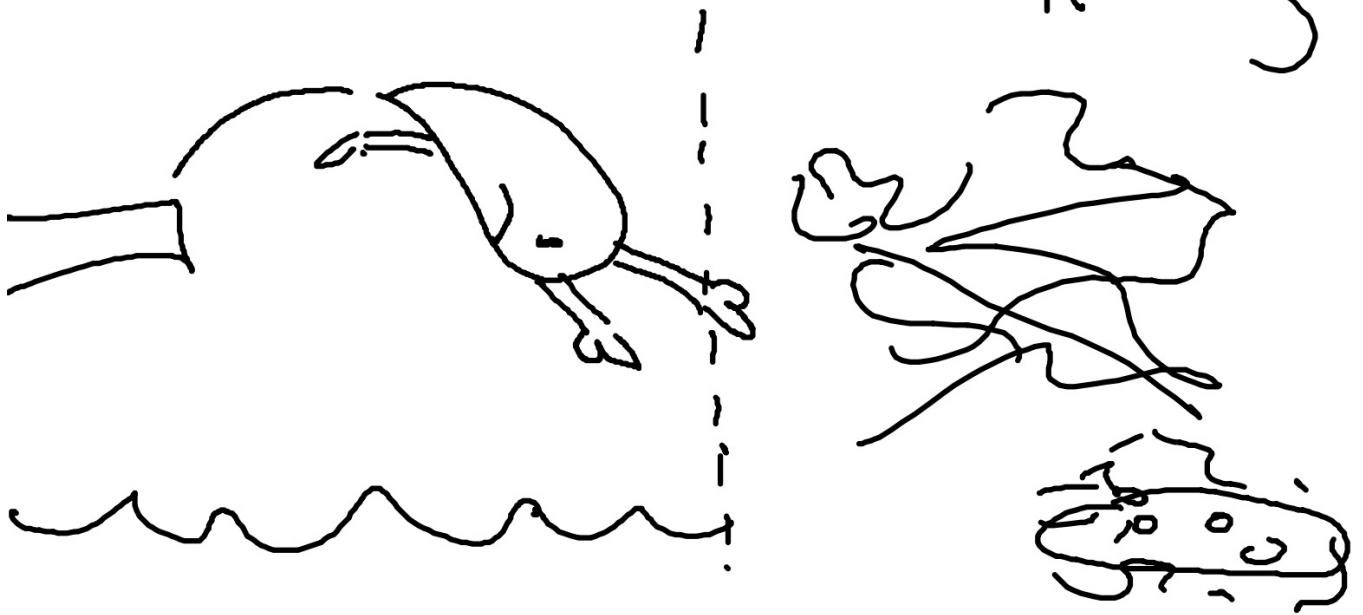

I'm Fearing because
it's disappearing

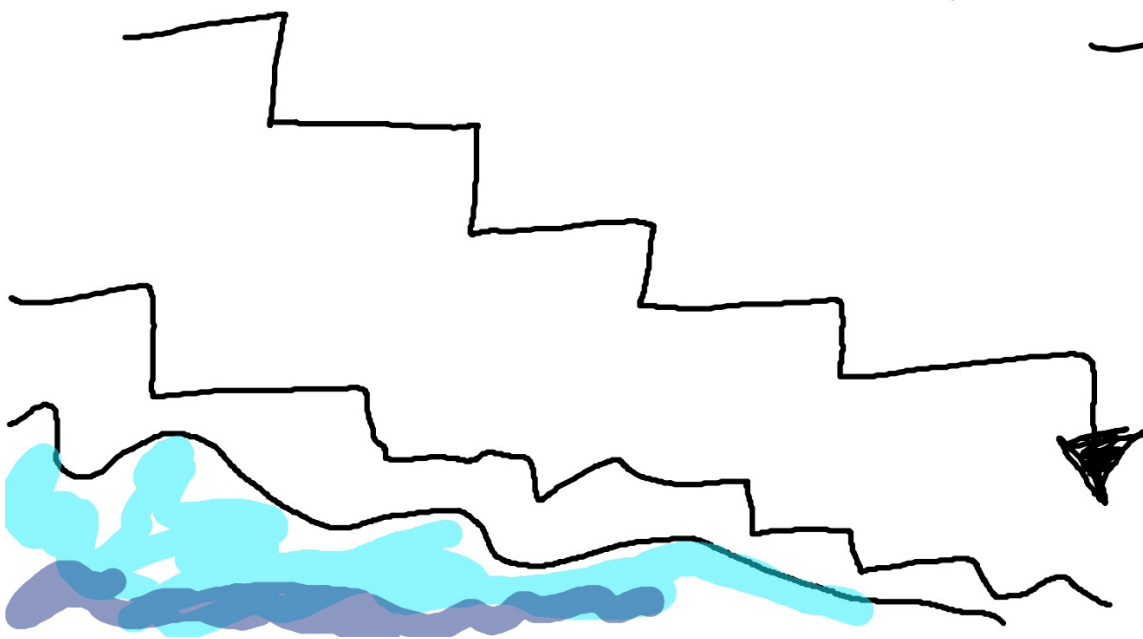

Water is a treasure
So save it

Water is one jump
from Disappearing

Water is quickly-
decreasing

Clean
who

Water?
this?..?

Stay
on
the
Good
Side
Save water

(pollution
there's
a solution)

Our Earth
is

Dying

Would you be well

without water?

When
Earth
dies

we
die
with
it.

Save water.

Soon we'll be
sand

Our Water is
Leaking Away

rain rain don't
go away
